Red Cross Report for July, 1922.

The Executive Secretary was on her vacation from the first of July to the eighteenth, therefore, the report for July covers only two weeks.

Home Service

Home visits 3, reference calls 25, telegrams sent 3, telegrams received 2, letters written 25, ex-service cases handled 6, civilian relief 5.

Saturday, July 29th, the secretary took an eight year old girl to the Baptist Orphans Home in St. Louis. She was ordered sent by the judge of the juvenile court and the secretary requested to take her.

Headquarters Moved.

July 31st was moving day. The office is now located at 1110½ Main St., over Long & Shinn's Grocery. The Business and Professional Woman's Club and the Red Cross have leased the whole floor. The south room is a rest room fostered by the Club. The Red Cross office is in the north room overlooking the river. With new paper and fresh paint everywhere, two north windows admitting a delightful breeze, we feel much more comfortable. Another feature which appeals to us is a reduction in rent.

Women will find that the rest room is all that its name implies. It is comfortably furnished. The Business Woman's Club wants you to feel that it is here for your comfort and pleasure. Several tourists have already made use of its convenience. On election day some tired mothers brought their children up to rest and enjoyed watching the crowds from the windows.

Rest Room at County Fair.

At the request of the County Fair Board, the Red Cross will have charge of the rest room at the fair to be held in Higginsville, August 29 to September 1. Thursday, August 31, is "Better Baby Contest." There will be a baby specialist from Kansas City to judge the babies. Babies from six months to three years may be entered. The examinations will be made in the Red Cross tent.

MARY L. MARQUIS,
Executive Secretary.

Notice to the Bugs.

The "Scott," who pitched two innings Wednesday against the Pirates without allowing a hit, is the "Scott" who was traded by the Braves to the Reds for Marquard and Klopff during the Winter. After his good right arm developed a kink in the Spring the Reds gave Scotty his unconditional release, and he later asked McGraw to let him work his arm with the Giants. Weeks of practice began to produce results, and Wednesday he held the Pirates to no hits in two innings, pitching steadily and easily. He is not under contract, but McGraw has room for another player and will probably sign him.—N. Y. Times.

RENEWED TESTIMONY.

No one in Lexington who suffers backache, headaches, or distressing urinary ills can afford to ignore this Lexington woman's twice-told story. It is confirmed testimony that no Lexington resident can doubt.

Mrs. Henry Brasch, S. Side Addition, says: "I had bladder and kidney complaint and my case was so severe that I couldn't be on my feet. My back ached and I could hardly stand the pain. My hands and limbs were swollen and my kidneys acted irregularly. I had blinding headaches and although I doctored and tried different remedies I got no relief. I finally used Doan's Kidney Pills and they cured me up in good shape. I got Doan's at Crenshaw & Young's Drug Store and they certainly proved to be a fine kidney remedy."

TEN YEARS LATER, or on March 13, 1920, Mrs. Brasch added: "I used Doan's Kidney Pills some years ago for a severe kidney trouble and I certainly believe they saved my life. I gladly confirm all I said in my former statement praising this fine kidney remedy."

Major J. M. Sellers and Captain L. B. Wikoff went to Independence, Kans., Wednesday to capture the championship in the State tennis tournament.

For The Children.

Too much care cannot be exercised in selecting a cough medicine for children. It should be pleasant to take, contain no harmful drug and most effectual in curing their coughs and colds. Long experience has shown that Chamberlain's Cough Remedy meets these conditions. It is a favorite with many mothers.

Mrs. Frank Mattox and daughter, Katherine, Mrs. N. W. Shull and little daughter, Ethel May, and Mrs. E. Fallman are spending the week at Lake Venita.

Dollars and Cents.

Counting it only in dollars and cents, how much did that last cold cost you? A man may not always stop work when he has a cold, but perhaps it would be better if he did. It takes about ten days to get completely rid of a cold under the usual treatment. That time can be much shortened by taking Chamberlain's Cough Remedy and proper care of yourself, in fact, a bottle of this remedy in the house is a mighty good investment during the winter and spring months.

Mr. and Mrs. Chas. Bowman of Kansas City, spent Sunday here with Mr. and Mrs. J. M. Robertson.

Chronic Constipation.

There are people who never have a movement of the bowels without it is produced by a cathartic. Most of them have brought that condition on themselves by the use of mineral waters and strong cathartics that take too much water out of the system and aggravate the disease they are meant to relieve. A mild laxative tonic like Chamberlain's Tablets affords a gentle movement of the bowels that you hardly realize has been produced by a medicine, and their use is not so likely to be followed by constipation. So great is the demand for its graduates that the Chillicothe Business College not only guarantees positions, but allows many students to qualify first, and then pay out of their salaries. Its slogan is "No Position, No Pay."

VanBuren Helm arrived Monday from Fort Winfield Scott, Calif., where he has been stationed for the past two years in the U. S. Army.

William and John White, former citizens of Lexington, but now of Orange, California, are visitors in Lexington. They arrived Wednesday.

O. O. Crawford accompanied by M. C. McFadin, Dr. B. T. Payne, and E. D. Hix, left yesterday by auto for a trip to Minnesota.

James L. Kinkead of Kansas City, arrived Wednesday evening for a visit here with relatives.

Periodic Bilious Attacks.

Persons subject to periodic bilious attacks will observe that their appetite fails them just before an attack. That is, they do not really crave food but eat because it is meal time. If they will eat only a light meal and no meat, then take two of Chamberlain's Tablets the attack may be avoided. Adv.
